

RETAIL CONSOLIDATION

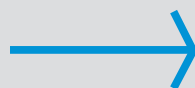

Checklist

8 STEPS TO CHOOSING A QUALITY CONSOLIDATOR

Finding a qualified retail consolidation expert to help with your LTL, partial, and underutilized truckloads doesn't have to be difficult. Simply make sure your consolidator has these eight qualities:

- ✓ A deep understanding of compliance requirements and retailer expectations
- ✓ Resources, connectivity, and repeatable processes to meet each requirement
- ✓ Large freight volumes on a known and consistent basis
- ✓ Ability to act as a core service provider with pre-scheduled appointments at retailers
- ✓ Expertise combining drop trailers with live loading, so you can ship on your schedule
- ✓ Robust infrastructure in place, including crossdock warehouses with added services
- ✓ A deep pool of dedicated line haul carriers for weekly deliveries
- ✓ Comprehensive technology with real time shipment visibility, reporting, and analytics
